

### **Wells Fargo Supports JFS Senior Transportation Project**

JFS is happy to announce that Wells Fargo will partner with us this year to help our Senior Transportation Project. The generous grant from Wells Fargo will help us provide seniors with over 100 rides to doctor appointments, social engagements, and other destinations regardless of their ability to pay. The grant will allow us to transport these clients when they need us, and help them stay independent in their own homes while staying engaged with the community! Wells Fargo funded over \$1,131,000 in grants to 220 nonprofit agencies in their 2010 grant year. This represents a 17% increase over the prior year! JFS appreciates strong community partners like Wells Fargo. They enable us to help more of those in need. Thank you Wells Fargo!
